- **FORMAT:** Bowl four (4) games on a house shot moving after each game. Cut to the top 16 (<60 entries) or 24 (60-89 entries) or 32 (greater than 90 entries) for match play where bowlers will be seeded by handicap pins and placed into a single elimination bracket. Ties for the last spot will be broken by match-play tiebreaker discussed below. Once the field is set, all ties for seeding will be broken by highest handicap game. Lowest 16 qualifiers will bowl each other in round one. The winners of round one will advance to bowl the bowlers who are seeded next highest 8 round two. This process will continue until top 8 bowlers are decided, then one game match play until winner is crowned (No byes for tournaments less than 60 entries). Ties in match-play will bowl a 9-10th frame tiebreaker using 20% of handicap. If still tied, continue process until winner is determined. During match play and tie-breakers a bowler who has all strikes can do no worse than tie their opponent. If bowler shoots 300 scratch in match play, they cannot lose game by handicap. If opponent shoots over 300 with handicap, it will be treated as a tie and a roll off will occur. Payout will be at least 1 in 4 with a minimum of 16 checks. First place at each event is guaranteed to be at least \$500. Max entries equal 5 bowlers per lane (accommodations can be made in emergencies to be decided by tournament director). Top handicap series after 4 games of qualifying will receive a \$50 bonus check. Youth bowlers who wish to maintain their youth status must sign a waiver form, so their earnings can be sent to the Smart Program in the form of scholarships.
- **HANDICAP** will be 85% to 220 based on the following order: (1) TST Tournament average (2) Highest 2020-2021 winter, non-sport book average of 21+ games (3) Highest current average of 21+ games as of date of competition. (4) All others will be subject to the discretion of tournament manager. Bowlers using 2 thru 4 above will use that average for their first 3 events. Maximum handicap will be 40 pins per game. Non GEUSBCA members **MUST** bring average verification with them. Rules 319a 2 (10-pin re-rate rule if no prior year tournament average—bowler's first 3 events only), 319a 3 and 319c will be in force. Rules 319d and 319e will be waived. Management reserves the right to re-rate bowlers before start of tournament play.
- **TOURNAMENT AVERAGE:** For bowlers with 12 TST games from the prior year, a tournament average will be established and used beginning at each bowler's first event. It will be based upon 2021 and 2022 TST pins only and will be recalculated prior to each subsequent event. All others will begin using their tournament average after their third event. The tournament average will be determined by dividing total TST pins from both the 2021 and 2022 seasons by the total TST games bowled for that same time period. A bowler's tournament average may not be more than 20 pins below their highest 2021 book average (winter league, non-sport only—minimum of 21 games). End of year prize will be awarded to the highest average bowler through regular season qualifying and match-play (\$250 prize - Min 5 events).

The person with the most points after the November event will be recognized as the "Bowler of the Year" and will receive a \$100 bonus on their points check. At least 80% of the paid memberships will be paid out based upon the point standings on at least a 1 in 5 ratio. Points are determined as follows: Winner—500, 2nd—450, 3rd thru 4th—400, 5th thru 8th—350, 9th thru 16th—300, 17th thru 24th—250, 25th thru 32nd—200, and 33rd or higher—100.
- **Tournament of Champions:** A TOC will be held at the end of the regular tour and will have a field of 48 people plus ties. The field will be determined as follows: the 2021 TOC winner and the winner of each 2022 event. The balance of the field will be determined by the 2022 overall points list. To be eligible to bowl in the TOC a bowler must have bowled at least 5 of the regular events. This includes the 2021 TOC winner and the winner of each 2022 event. Alternates will be allowed if the field is less than 48 at the starting time.
